"Mom what's wrong" I
ask on the verge of
crying, I get off the
bed give her a hug.
"Go hide under the
bed now don't come
out, okay" she says.

"Why" I ask, "JUST LISTEN TO ME FOR ONCE, WHY DON'T YOU LISTEN" she yelled at me for the first time, I was shocked and lost for words.

"Okay" I say
surprised and went
under the bed, she
whispered please
do not speak, or get
out. Then she

walked toward the
door as she was
reaching for the knob
two big men came
in and pushed
mother on the floor.

Father came in and
helped mother up, one
of the big men took my
day by the neck and
smashed his head on
my mother
the wall,
grabbed the man's
hand and begged him
to stop instead the
other mand smacked
my mother in the face.

“Mom why are you crying” I say as I rub my eyes with one finger and rub her face with the other.
“Get up, hurry get under the bed” she says with frightened look in her eyes.

Moon-Young,
Moon-Young wake
up, wake up" my
mother said with a
shaky scared voice,
tears rolling down
her face as if she
just seen a ghost.
